

School of Evangelism

10—28 Feb 2020 HASTINGS

Jeremy Dempsey has served as an evangelist with O.A.C. since 1997 with the aim to see a new generation of Evangelists raised up to effectively serve in their community and teach others to do the same. Jeremy is passionate about empowering Christians to become effective witnesses for Christ in their regions. He has lectured at Bible College's, preached in and trained at churches in evangelism throughout the country. He is currently O.A.C. National Field Director, responsible for training, up-skilling and facilitating staff, interns, volunteers and churches to reach their community for Christ.

O.A.C Ministries is an evangelistic organisation whose mission is to reach the nations with the gospel of Jesus Christ and to equip the church to do the same. S.O.E. is a course designed to raise up a new generation of evangelists who will work closely with local churches in mentoring, equipping, inspiring and resourcing them. The goal is to enable churches to effectively take the 'power of God', the Gospel, into the community so that people can have their lives transformed by Christ, and to disciple them to maturity so they can actively serve in the church and the community.

Ever since arriving at Waihi Presbyterian Church in 2007 I have been praying, 'Lord, please push me out of the nest, beyond my comfort zone, so that I might share you, so that all those sitting in darkness may see a great light'. Earlier this year the Lord gave me the most tangible evidence ever of answered prayer when He sent me on the School of Evangelism course in Hastings. In the 2 weeks I was there I was totally pushed out of my nest, receiving what I can only describe as spiritual commando training which has seen me return to Waihi, sharing with more people on the street, and knocking on more doors in one month than in my whole four years prior to going on the course. Churches wondering how they can come alive, grow, be filled with the Spirit of God and the blessings of Christ, be carried forward with a purpose that is bang in the middle of the bullseye of God's will – to you all I say, 'it is crystal clear what to do: send as many people in your congregation as you can to the OAC School of Evangelism. That is undoubtedly the answer.'
